

SEANCE 7 OBLIGATION (SUITE)

Relis la leçon de la séance puis fais les activités suivantes

1. Vocabulary . Use the dictionary

A locker : un casier

A school cafeteria : la cantine

A foreign language : une langue étrangère

A staircase : une cage d'escalier

to bring : apporter

to carry (around) : porter partout avec soi

to stay : rester

to learn : apprendre

2. Listen (mp3 « school rules ») and read the text

There are lockers at school, so we don't have to bring all our books to school every day and we don't have to carry our books around. But there is no school cafeteria, so we have to bring our lunch. What else? There are rules for clothes but we don't have to wear uniforms like they do in England. We have to stay in school even when the teacher is absent. Er... we don't have to learn two foreign languages, like they do in France. And, er... one last thing: there is an up staircase and a down staircase and we have to use the up staircase to go up and the down staircase to go down, if you don't you get detention!

3. Tick (cocher) the good answer
